## LARGE TOUCHSCREEN USER INTERFACE

**ADVANCED TOUCH SCREEN  
USER INTERFACE FOR BEST  
CUSTOMER EXPERIENCE**

### Bring your heating device in step with the times

Fumis Premium XL is a new generation of user interface. Thanks to its shape, touchscreen technology and intuitive operation, which is very similar to the logic of modern smartphone devices, this user interface is very eye-catching when placed in the user's everyday life.

### Advantages:

- Easy and intuitive to use (the product guides the user how to use it)
- Modern design, similar to smartphone devices
- Puts your heating device in a higher price range
- Connectivity to all types of Fumis controllers
- Remote control option
- Automatic adjustment of screen brightness
- The ability to change themes/wallpapers
- Easy installation
- Easy to clean
- Also includes speaker for sound effects
- Extremely responsive display
- Effortless updating of the display software
- When mounted on the heating device, the display is flat with the surface of the device

MODERN AND USER FRIENDLY DESIGN, SIMILAR TO MODERN SMARTPHONE DEVICES.

NAVIGATION THROUGH THE MENUS IS CLEAR AND INTUITIVE.

## How to manage the Fumis Premium XL user interface?

Fumis Premium XL interface was designed to mimic the habits of our everyday life (smartphones, tablets etc.). The high definition touchscreen allows the user to navigate through the menus and to go through pages by following easy to understand instructions. As well as this, it gives the user a pleasant feeling that their stove is in step with the times.
