

Fumis SENSE

INTERACTIVE CONNECTIVITY. SMART TOUCHSCREEN UI WITH INTEGRATED WIRELESS CAPABILITIES.

Sense 32 / 43 — Portrait / Landscape

In a world where connectivity reigns supreme, the demand for intelligent and user-friendly heating appliances is becoming commonplace. Enter the Sense UI: a testament to this evolution.

No intermediaries are needed anymore to connect the heating appliance—just a visually advanced UI with integrated wireless technology, ensuring seamless communication with the heating appliance controller.

The new **Fumis Sense** comes in two dimensions, **3.2 and 4.3 inches**, crafted from the latest materials, boasting improved LCD and cutting-edge components.
